Year 2: AY 2023-24	SLO 3
Year 3: AY 2024-25	SLO 4
Year 4: AY 2025-26	SLO 5

Assessment Plan

Scoring Evidence and Presenting Results			
Analyzing and Interpreting Findings			

Taking Action

Follow-up Consultation:

Would you like the director of assessment to schedule a follow-up consultation regarding this plan?

Yes _____   No _x___

If yes, would you like other members of your program/department to be invited as well?
Yes_____   No _____

Only courses required for the program should be included on the map.
Not all courses have to map to all outcomes.
The map should indicate only those courses in which the SLO is *deliberately* addressed
The map should also indicate if the outcome is introduced, reinforced or summatively evaluated (with the expectation of mastery) in the course.
It may also be helpful to indicate if the program-wide outcome is *assessed* in the course in which it is introduced, developed, or mastered. (NOTE: An outcome may be introduced or developed in a course even though no artifacts from the course are used for program-wide assessment.)

Required / Core Course name and number	LO1

Assessment Plan: Instructions

This plan template asks programs to map out a four-year assessment cycle in which all program-wide SLOs (4-8) will be assessed (2 SLOs per year). To
