Curricular Practical Training (CPT) Information & Application Packet

General Information

Curricular Practical Training (CPT) is an internship, co-operative education, or required practicum (such as a clinical course) offered by sponsoring employers through cooperative agreements with The University. CPT may be a **paid or unpaid** experience. The purpose of CPT is to facilitate academic objectives. CPT must be an integral part of a student's established curriculum where the position is directly related to the student's major area of study. CPT may only be taken before completion of study.

Revised 4/19/22 1
