

Intellectual Property Certificate Application For Non-JD Students

Akron Law offers non-degree certificate-seeking students the opportunity to specialize in intellectual property law and to receive a certificate denoting successful completion of the requirements. Students must complete 12 required credits and attain an aggregate cumulative 2.0 grade point average.

Before enrolling as a non-JD student, you should discuss your interest first with our IP faculty to determine whether this program is right for you. It is a helpful experience and credential for some, but for many students, our IP Pro JD program will be a much better fit. While it will require more time, career prospects for our JD grads are excellent and they are glad they made the investment.

The faculty advisors for the IP certificate programs are Profs. Mark Schultz and Emily Michiko Morris. You may consult with either.
